Comment:

The test results were calculated according to the MNS ISO 1170 standard.
 The sample was not drawn by the laboratory and these test results are representative only of the sample received in the laboratory.
 Coal samples were prepared according to MNS GB/T 474 standard.
 Unauthorized reproduction of this document is prohibited.
 The test report would be invalid without signatures of the persons for approval.
 Any unauthorized alteration, forgery or falsification of the content or appearance of this document is unlawful and offenders may be prosecuted to the fullest extent of the law.
